Re: Application for membership of EFAS

Dear Prof. Napiontek

Further to the application received from the Polish Foot and Ankle Society to become National Society Members of EFAS I am pleased to inform you that your application for membership was ratified by EFAS Council and by the membership present at the recent EFAS General Assembly held during the 8th EFAS Congress in Geneva, Switzerland on 1st September. On behalf of EFAS I therefore welcome your society to EFAS.

You are now requested to provide EFAS with an updated list of your membership list in Excel format (no other format can be accepted). Please submit your membership list for 2011 membership of EFAS before by 15th January 2011. The list of names and address that you submit will be invoiced to the society at €60 per member once your membership list is received.

Each listed member will receive the following membership benefits;

- Included in the list of EFAS members
- 4 issues of FAS journal annually
- EFAS mailings including course and congress brochures and newsletters
- Reduced registration fees to attend EFAS courses and congresses

The Polish Foot and Ankle society will receive the following voting rights;

- Each member of your Society can nominate candidates from your society to sit on EFAS Council.
- Each member of your society will receive the papers for the annual call for nominations 3 months prior to the General Assembly
- Each member of your society present at the General Assembly of EFAS will be entitled to vote in the EFAS General Assembly (one man one vote).

With regard to question about meetings and participation of speakers there is no formal arrangement for participation so you can invite EFAS members to participate in your congress on an individual basis.

Yours sincerely,

Jan-Willem Louwerens
EFAS President
